

Whatever it Takes

“It is the same old story of the few having too much and the many not having enough.... We want a hospital and medical plan. We want to remove the economic barriers, which block good health to the average family in America. That is the challenge before us. We have all the tools in America to conquer human insecurity... it is a question of whether people are going to use them or whether we are going to be blocked by the powers that be in Wall Street.”

Sound Familiar?

The President and shop Chairman from UAW Local 174 will be attending the next membership meeting to do a slide show presentation on the “whatever it takes” trip to the Texas/Mexican border. This protest was against the unfair trade agreement and NAFTA. We are currently looking for members to join our charter of “whatever it takes”. We are planning to join with Local 174’s group and march on Wall Street to protest corporate greed and bring attention to our cause. If this is something you are passionate about please join us February 28 at 4pm at the Local union hall.

President,
John Moore
